

Online Course Catalog (VVZ) – Bilingual Translation

English / ■■

About this Document

This document describes the structure of the University of Vienna Online Course Catalog (VVZ Online) from the user's perspective.

VVZ Online

Purpose and Content

The document explains the structure, navigation and interaction mechanisms of the course catalog system.

XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX

General Guidelines

Pages should load quickly, be compatible with common browsers, and follow accessibility guidelines.

XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX

Form Elements

The system includes text fields, radio buttons, checkboxes and drop-down menus.

XXXXXXXXXXXXXXXXXXXXXXXXXXXX

Search Function

Users can search for courses, exams, lecturers, institutes or departments.

[illegible]

Search Results

Search results display key information such as course title, lecturer and location.

XXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXXX

Browsing Mode

Users may browse the catalog using a hierarchical structure of subject areas and study programs.

Study Program Information

Each program overview includes study duration, ECTS credits, language and admission requirements.

Course Detail Page

Detailed course pages include course information, schedule, description and registration data.

Bookmark List

Students can add courses to a bookmark list and register later through UNIVIS Online.
